Output power is conducted. This device is approved for mobile and fixed use with respect to RF exposure compliance. The antenna of this transmitter must provide a separation distance of at least 20 cm from all persons. Installers and end-users must be provided with operating conditions for satisfying RF exposure compliance. The antenna used for this transmitter must not be collocated or operating in conjunction with any other antenna or transmitter, except as in accordance with FCC multi-transmitter product procedures.

CC: This device is certified pursuant to two different Part 15 rules sections.
